

Quality Policy

We offer our customers consistently excellent products at competitive prices.

We offer a service which exceeds the norm in terms of promptness, not only in the development but also the implementation of our products.

We consistently fulfil our customers' demands for product quality as well as our delivery commitments.

Our management is committed to continual quality improvement.

We want to maintain and expand our position as a globally renowned company.

We want to secure and develop the company's workplaces.

We want to maintain the company's independence and optimise its profitability.
