

## 100 years Gross & Perthun

### **WE CELEBRATE OUR 100TH ANNIVERSARY...**

Many thanks to our loyal customers and our committed employees.

A moving time behind us, a very challenging future is ahead of us.

In 100 years, our predecessors and we have mastered many challenges and experienced great success.

It has never been easy, nevertheless each generation has managed to convince our customers and has taken the required actions. Future generations will also face up to these challenges. Mutual trust and motivation are the basis for successful cooperation. A family business can only exist as a team.

Nowadays, Gross & Perthun is a modern, globally active company. We are a recognized and excellent partner of well-known manufacturers in the automotive, commercial vehicle and agricultural machinery industries.

Our ultra-modern, environmentally friendly and high-quality products are manufactured on the best production facilities by highly trained and motivated employees.

True to our motto "stagnation means regression", we are not satisfied with what we have achieved so far.

Our highly qualified team is driven by the demand to improve and develop their skills daily.

We look forward to developing this successful partnership together with our customers.

We thank you for your confidence.
